MEMORANDUM FOR: TSS/DD/P

Att: Mr. 25X1A [redacted]

SUBJECT : Memorandum Agreement between CIA  
and [redacted]

1. The last phrase in paragraph 10 adds nothing and is technically incorrect so we should like to see it eliminated. This is the phrase after the word "funds" which reads "and as it may deem necessary, and when approved by [redacted] The equipment in question would have to be removed by CIA unless declared surplus or transferred to [redacted] on reimbursement by them. Consequently, it is not what CIA deems necessary on which is approved by [redacted] but is the arrangement permitted by law which seems best at the time. Aside from this, the agreement is approved as to legal form.

2. We are not aware whether there is an approved project for this expenditure and if there is any problem in that respect, let us know if we can be of assistance.

3. Incidentally, as this is basically an agreement for space and facilities, would it not be appropriate to have the Chief, Administrative Services sign for CIA rather than the Chief of Procurement?
